WHITMAN-HANSON REGIONAL HIGH SCHOOL
WHITMAN, MASS.

Faces of Reality . . .
Faces of Tomorrow.

We need to feel more
to understand others
we need to love more
to be loved back
we need to cry more
to cleanse ourselves
we need to laugh more
to enjoy ourselves
we need to see more
other than our own little fantasies
we need to hear more
and listen to the needs of others
we need to give more
and take less
we need to look more
and realize we are not so
different from one another
we need to create a world where
everyone can peacefully live
the life they choose

Mr. Steven Brown

In Memoriam

A teacher that will be long remembered by the few students and faculty members that were fortunate enough to know him.

Steven was the epitome of the word teacher, one who could excite his students with a unique style and approach to teaching.

His understanding and patience made him one of the most sought after teachers on the faculty.

"Steven cared for all people." He had "love" for his fellow man and found some kind of "beauty" in everyone that he had known.

Talent was something that Steven had a great deal of, he had such a wonderful voice that when he sang he touched the hearts of everyone that heard. Steven knew how to play almost every musical instrument there ever was.

We've lost a very special person who touched many of our lives.

All that we can remember him by is his smiling face and his good points in practically everything that he did.

Steven Brown was a beautiful person
long to be remembered.

Pink Panthers vs. The Rebels

Leroy
"Miss Whitman-Hanson"??

Look at those legs girls!!

After a very *interesting* and exciting game the Pink Panthers won with a touchdown. Congratulations!!

Class of '78 Says Good-Bye

Our high school days went by too fast; it was just too short a time.
It seemed as though our lives were paced just like a perfect rhyme.
We know, however, someday we'll look back upon our class,
And realize that memories fade, as the years begin to pass.

Our Freshman year brought us beginnings, as fresh as falling snow,
And Sophomore year showed us a little more as we began to grow.
Junior year made us realize the maturity we had to taste,
And now as Seniors we know that there's a whole new world to face.

It seems just too impossible to make a sudden change,
But as our school days pass us by our lives were rearranged.
We'll say good-bye to classmates, and kiss high school times farewell,
And we know that it will be hard to leave upon the bell.

For each and every classmate Whitman-Hanson was a different place,
But we will always have our memories that time cannot erase.
To us Whitman-Hanson had magical results,
For we entered here as children, and we're leaving as adults.

— By Wanda Harris

THE ARMY CAN HELP YOUNG MEN AND WOMEN SAVE $8100 FOR COLLEGE OVER THE NEXT THREE YEARS.

INTRODUCING A NEW EDUCATIONAL ASSISTANCE PROGRAM.

Since January 1st it has been possible for young people to accumulate up to $8100 for college or vocational-technical school during just 36 months in the Army.

Under this new Educational Assistance Program, they can save from $50 to $75 each month, with their savings matched 2 for 1! And that adds up.

FOR EVERY DOLLAR THEY SAVE TOWARD COLLEGE, TWO WILL BE ADDED.

By participating in the new program, a young person gets three dollars back for every dollar saved toward college or vocational-technical school — the dollar saved plus the additional two dollars of matching funds.

If the maximum of $75 a month is saved ($2700 over 36 months), $5400 will be added for a total of $8100. If the minimum of $50 a month is saved ($1800 over 36 months), $3600 will be added for a total of $5400.

o discuss the opportu-
ity the Army offers you,
all SGT. Dussault at
83-4500 ext. 619/679 or
ee your Cuidance Counselor.

HOW DO THEY COLLECT?

Assuming a young man or woman has finished the 36-month enlistment in the Army and has deposited, for example, $75 to the educational fund each month, the $8100 accumulated under the program will be paid in monthly installments of $225 for each month of college or vocational-technical school completed.

If they decide not to continue schooling after the Army, they get back all the money saved. The matching funds will be paid only if used toward completing up to four years of college or vocational-technical school. The extra $5400 matching amount becomes a strong incentive for a young person to continue with school.

THEY CAN ALSO GO TO COLLEGE WHILE IN THE ARMY AND WE PAY UP TO 75% OF THE TUITION.

If a young man or woman enlists in today's Army, all kinds of educational opportunities are open for earning college or vocational-technical credits right on post with the Army paying up to 75% of the tuition. Under Project AHEAD, for example, a young person can enlist in the Army and enroll in college or vocational-technical school at the same time. Over 1400 colleges and universities around the country now participate in Project AHEAD. It's a great chance for a young person to get a jump on the future.

YOUR LOCAL ARMY REPRESENTATIVE IS THE PERSON TO TALK TO NEXT.

This new Educational Assistance Program, along with all of the other educational benefits the Army offers, will help young people serve their country better as soldiers now, citizens later. There's no better time to start getting that education than now. Your local Army Representative has full details on all the educational and other opportunities for young people in today's Army. Or, if you'd like us to send the information to you, just mail the coupon.
